

# ATLANTIC FARM MECHANIZATION SHOW

## SPONSORSHIP PROGRAM

The Atlantic Farm Mechanization Show is a long standing event begun in 1975. Every two years, the show has demonstrated its appeal to the farming community in the Atlantic region, as well as the eastern US

In 2009, the Board of Directors entered into our initial sponsorship agreement. We have developed this opportunity further to allow for the participation of other companies

A sponsorship agreement with the Atlantic Farm Mechanization Show will provide your company with many benefits in relation to the level you choose.

Please review the attached, fill in the form and forward to our office as soon as possible

Sincerely,

Frank Reade,  
Show manager
